AUNTYANIMAL
 SMALL ANIMAL FOSTERING
 AND RESCUE

SPONSOR A PET

from just £2 per month
 (Annual Sponsorship donation £24)

Our aim is to find every pet a loving forever home, however, sometimes it takes a little longer due to old age or special needs.

You can help us provide them with the long term care they need.

**Kev -
Guinea Pig**

I was brought to Auntyanimal Rescue with a golf ball sized abscess on my rump. Despite me being incredibly smelly and running up a huge vet bill, they took me in, cared for me and made me better. I was such a brave boy.

**Nick
and
Noel -**

Hamsters and other smalls

We arrived in rescue along with our brothers, sisters and mum. Mum was already pregnant again! Unplanned litters are a common reason for rehoming. Finding good homes for animals that have multiple litters can be a difficult and time consuming task.

**Clara
and
Stomp -
Field Animal**

We are 8yr old independent girls who were left to fend for ourselves in an overgrown field after our owner sadly passed away. Brought to Auntyanimal Rescue we joined the sanctuary herd back in 2014.

**Mercury-
Chinchilla**

I don't see too well and bump into things if not in familiar surroundings. I also don't get on with other chinchillas. Brought to Auntyanimal Rescue as part of a group of 12 albino chinchillas, some of us were in very poor condition and had sustained injuries due to overcrowding and fighting. That's all behind me now.

**Jet2 -
Rabbit**

I was found abandoned in the snow at just a few days old. Auntyanimal Rescue took me in and hand reared me. I am a strange extremely nervous creature, it's thought I may have been born to wild parents and turned out for being "different"
